Everest Assault

...

Yesterday at 6:20 pm • 🌐

It has been a real adventure with us all giving 100 percent. We have experienced sore and tired legs, knee injuries, severe headaches, stomach and chest infections, cuts and black eyes, acute mountain sickness and oedema, but we have had 20 of us reach the goal of Everest Base Camp. We have had long days trekking through fresh snow and ice, blizzards and evacuations by horses and helicopters. But - we are now back in Kathmandu- all of us. Our hospitalised team members are back with us and getting fitter.

These trekkers are all champions.

They have truly put in - please support their efforts by donating in their name anything you can afford. Show them you appreciate what they have done- it is truly remarkable (visit Rotary Club of Berry website and follow the links).

Even the smallest donation make a huge difference to Eradication of Polio- a true gift to the children of the world

Providing Clean Water

Did you know that more than 780 million people worldwide lack access to clean water? You can make a difference in their lives with a donation to The Rotary Foundation today.

Thank you Berry Rotary for helping the Foundation provide clean water to communities both close to home and around the world.

“FROM PRESIDENT PETER”

Well in spite of a well disciplined team of Lawn Bowlers, we lost the Galvanised Shield to of all teams Ger-ringong Sunrise. It was a good night and well organised by Errol Chopping from Kiama club. Food was good and plenty of camaraderie.

The way they run it now there is a roster for the organisation of the event and I think next year is our year- we'll show them

Next weeks guest speaker is Peter Harris from the Berry Show Society. Also we will have a short talk from Judy Potter re “Dream Cricket”.

The Boongaree committee are now going to be busy since Aunty Glad got back in. “Now Gareth about that \$4,000,000” Have a great week-

See you Thursday

A MESSAGE FROM OUR DISTRICT GOVERNOR.

All clubs have been asked to look at the move to a bigger district (a merge of 3 current districts) as from July 1, 2021. While it will probably proceed this is the time to consider how such a large district is to be managed. All ideas will be welcome. There are many more districts in the world of Rotary that are much larger than the proposed 9705.

Of course it will be impossible for the DG to visit every club but with the use of technology, there can be ways of keeping in touch, at a level that we are not even achieving currently in our one district.

The date for clubs to submit their yay or nay is 7 April. As Julia will be away for a much needed break, I am quite happy to receive your replies, **especially those that give us some suggestions on the way the larger district will function.**

My email: hassall.m@bigpond.com

Best wishes, DG. Margaret Hassall

Solicitor's Porsche (here's one for our Lawyers)

A London Solicitor parked his brand new Porsche in front of the office to show it off to his colleagues.

As he was getting out of the car, a truck came speeding along too close to the kerb and took off the door before zooming off.

More than a little distraught, the Solicitor grabbed his mobile and called the police.

Five minutes later the police arrive.. Before the policeman had a chance to ask any questions, the man started screaming hysterically: "My Porsche, my beautiful silver Porsche is ruined. No matter how long it's at the panel beaters, it'll simply never be the same again!"

After the man finally finished his rant, the policeman shook his head in disgust.

"I can't believe how materialistic you bloody Solicitors are." he said. "You lot are so focused on your possessions that you don't notice anything else in your life."

"How can you say such a thing at a time like this?" sobbed the Porsche owner.

The policeman replied: "Didn't you realise that your arm was torn off when the truck hit you?"

The Solicitor looked down in horror.

"FAR Out !" (or words to that effect) he screamed. "Where's my Rolex ?????"

**When playing golf, you can hit a two acre fairway
10% of the time and a two inch tree branch 90% of the
time**

**When playing golf a ball you can see in the rough from 50
yards away is not yours.**

Both these works show their own style of excellence, elegance and charm. However, it must be said the top one is a bit on the boring side , the bottom one showing slightly more in the way of, well!! words fail me at the moment , but I'll try to think of something appropriate, and it may take some time!
