PRESIDENTS REPORT FOR 10th OCT

One of the great things about Berry is the spirit that exists in the many volunteer organizations that flourish in our village community. People give their time willingly for the common good without financial gain to provide a benefit to their community.

Volunteering is a matter of choice.

We in Rotary understand that concept and willingly give our time so that human, environmental and social needs can all be addressed.

Margaret Street, our guest speaker at last week's breakfast meeting, represents an altruistic organization that is also devoted to the welfare of others.

The Berry Garden Club has taken a piece of unused land and is turning it into what will be a magnificent passive garden for the whole community to enjoy.

Located at the end of George Street, adjacent to the Motorway Bypass, the garden is taking shape with tree planting well advanced, a sandstone bridge completed, a sculpture celebrating the gardens connection to the mountains nearby is in place, a crushed granite pathway with beautiful seating is finished and a shade pergola is currently under construction.

Communities benefit greatly from the selfless commitment of volunteers who are dedicated to enhancing the village in which we live and the Berry Garden Club is delivering a garden showpiece that respects the rights, dignity and culture of Berry.

Terry.

News Update, Teamwork & Controlled Authority Rewarded.

Under the leadership of David Lamshed PHF* his team consisting of Dianne Ensor, Walter Moore PHF (who arrived late), PP Mel Gillott, (the witty spruiker) and PP Smithy PHF and part timer PP David Edmondstone PHF (who spent much of his time promoting the produce on the stall next door) nine spins of the much loved Chocolate Wheel were conducted. Team Leader David proved to be well organised and lead by example. He was a tough but fair team leader, and actually supplied his subordinates with Banana Bread which was a very nice touch indeed. It was all done and dusted by 11.05am, had it been the previous day it would have only been 10.05am.

A few more dollars for the Community Account which we hope our board will spend wisely.

Guide to Passport Clubs

As clubs evolve and discover new ways to meet the changing needs of current and prospective members, the passport club model has grown in popularity. Passport clubs encourage their members to visit other clubs and participate in their activities regularly which brings fresh ideas back to their own club. Clubs that use this model often meet less frequently, have a relaxed attendance policy, and focus meetings on service and social opportunities. Passport clubs provide a more varied and flexible Rotary experience for members. Learn more in the Guide to Passport Clubs.

Service Above Self Award Nominations Rotary's Service Above Self Award honours Rotarians who demonstrate their commitment to helping others by volunteering their time and talents. District governors may nominate one candidate from their districts to receive this award in the 2019-20 Rotary year by submitting an online nomination form between 1-31 October.

SIX LITTLE STORIES WITH LOTS OF MEANINGS

(1). Once all villagers decided to pray for rain. On the day of prayer, all the people gathered, but only one boy came with an umbrella. That is faith.

(2). When you throw babies in the air, they laugh because they know you will catch them. That is trust.

(3). Every night we go to bed without any assurance of being alive the next morning, but still we set the alarms to wake up. That is hope.

(4). We plan big things for tomorrow in spite of zero knowledge of the future. That is confidence.

(5). We see the world suffering, but still, we get married and have children. That is love.

(6). On an old man's shirt was written a sentence 'I am not 80 years old; I am sweet 16 with 64 years of experience.' That is attitude.

Have a happy day and live your life like these six stories.

Regenerating Rotary in Christchurch

President Mark Maloney outlined the two pronged approach to 'growing Rotary': firstly, supporting our traditional clubs and secondly, starting new clubs in areas where Rotary is already thriving. Check out President Mark's message demonstrating how a single Rotary club in an area most likely does not serve all leaders in a community.

Rotary Coordinator Tim Moore and PDG John Prendergast talked about transformational change and how they have seen the growth of different styles of clubs such as passport clubs, cause based clubs, 'new generations' clubs and satellite clubs. They have also seen clubs experimenting with different types of meetings and membership types such as corporate and associate members.

A Story of Female Survival & Male Appreciation

Eleven people were hanging on a single rope under an air-borne helicopter after being rescued from a sinking ferry-- ten men and one woman. The rope was not strong enough to carry them all, so they decided that one had to leave, because otherwise they were all going to fall. They weren't able to name that person, until the woman gave a very touching speech.

She said that she would voluntarily let go of the rope, because, as a woman, she was used to giving up everything for her husband and kids, or for men in general, and was used to always making sacrifices with little in return. As soon as she finished her speech, all the men started clapping. **(Don't blame me, Bill Seelis sent it)**

My mother was fuming when I told her I had bought a theatre. She said 'Are you having me on?' I said "I'll give you an audition but I can't promise anything."

ATTORNEY: Do you recall the time that you examined the body?

WITNESS: The autopsy started around 8:30 PM

ATTORNEY: And Mr. Denton was dead at the time?

WITNESS: If not, he was by the time I finished.
